

Le profil professionnel des docteurs

Théo LEMEUX

PhD - Doctorant | éthologie animale

theylemeux@gmail.com

Cœur de métier

PHASE 1 Développement des compétences

During my Master's internship for six months, I have follow a rigorous video analysis protocol that I creat with my supervisor and I put my own deadlines to push myself during my work. I also had opportunities during conferences to meet peers and learn from others research.

PHASE 1 Évaluation

1) Presentation to peers 2) Competition for doctoral school - need to step back from research and be critical about your own work

PHASE 1 Expertise et méthodes

Qualités personnelles et relationnelles

PHASE 1 Communication

Presentation to peers during conferences, such as European federation for primatology 2024 in Lausanne or Young researchers day in Strasbourg

PHASE 1 Collaboration

PHASE 1 Analyse, synthèse et esprit critique

PHASE 1 Intégrité

Participating to a presentation on deontology charter for scientific researchers and MOOC on scientific integrity

PHASE 1 Écoute et empathie

Trying to help colleagues during lab meetings when they are struggling with their research
